VEGETABLE LIFE SAVING SERVICE

Infested Imports Destroyed or
Disinfected—Searching
for Parasites.

Following is the report of the Ter-
ritorial entomologist presented at the
meeting of the Board of Agriculture
and Forestry on Wednesday:

Honolulu, October 30, 1907.
To the Honorable Board of Commis-
sioners of Agriculture and Forestry,
Honolulu, T. H.
Gentlemen: Since my report to you
dated the 2nd instant there have ar-
rived twenty-five steam and sailing
vessels from outside the Territory re-
quiring inspection by this department.
On October 3rd the S. S. Hiloian
arrived from San Francisco and on
board were found four crates of tur-
nips infested with the larva and
pupae of the radish-cabbage root mag-
got (Phorbia brassicae). These vegeta-
bles, including the cases, were de-
stroyed by fire.

On the 7th of October the S. S. Sierra
brought from San Francisco five
cases of quince badly infested with
coddling moth larvae (Carpocapsa
pomonella). This is not a new pest for
that fruit but, as the quantity of
worms found made the fruit practi-
cally worthless, the consignment was
burned.

On October 11th the S. S. Nippon
Maru brought 110 packages of rubber
seeds, some of which had been
damaged and were found to be swarm-
ing with a species of mite. The
seeds were treated with the fumes
of carbon bisulphide. Mites as a
rule are difficult to destroy, but with
the above chemical these succumbed
readily in the course of an exposure
of about two hours. The same chemi-
cal was again used in the disinfection
of some infested imported Japanese
rice.

Consignments of lemons and other
fruits from Australia were ordered
sent out of the Territory on account
of the danger of introducing the fruit-
flies of that country.

Since my last report I have received
an interesting letter from Mr. Geo.
Compere, who is at present in India
collecting beneficial insects for West-
ern Australia and California. Mr.
Compere has again succeeded in secur-
ing parasites upon fruit maggot, one
species of which was introduced
in the Territory some years ago, and
has since practically wiped out the
formerly profitable melon crops of these
islands. Among the parasites secured
by Mr. Compere, and being bred in
India by him for introduction into
West Australia, is one on cucumber,
which will no doubt be beneficial to us
here when introduced and established.
Mr. Compere is meeting with many
difficulties owing to distance in trans-
portation, but states that he will this
time be successful in introducing these
parasites into Western Australia, af-
ter which, in course of time, it will
be easy for us to get them from the
latter country.

This department has made another
inspection of the young mango trees
that have been propagated from im-
ported Indian mango varieties, and
has found them free from the "mango
scale" (Coccus mangi ferae) about
which I previously reported. This is
very satisfactory and it is hoped that
parties who have purchased, or have
been presented with trees of the above
varieties, will notify the department
so that we may make a free inspection
of these and disinfect them if
necessary.

Respectfully submitted,
ALEXANDER CRAW,
Superintendent of Entomology and In-
spector.

If you have a house to rent let it
be known. Maybe there's somebody
looking for it. The Advertiser want

TAXPAYERS ARE PUBLIC SPIRITED

Respond to Collector Holt's
Appeal—Money Is
Coming In.

Tax Collector Holt feels very much
gratified at the public spirited way in
which the business men and business
enterprises have responded to his re-
quest that the Territory be saved from
the necessity of registering warrants.
There has been shown a most laudable
spirit, and more than sufficient taxes
have been paid in during the past
three days to obviate any danger of
registered warrants for some time to
come.

The receipts of the tax office yester-
day were \$14,928.97. The collections on
Wednesday were \$65,000, making a
total deposited with the Treasurer for
the two days' collections \$79,928.97.

Taxpayers are beginning to appear
at the tax office windows in consid-
erable numbers, which will increase rap-
idly with the progress of the next fort-
night. There are just thirteen week
days on which taxes can be paid be-
fore they become delinquent, Novem-
ber 15.

AUGUST DREIER IS INCORPORATED

Capitalizes Himself at \$300,-
000 and Pays for It
in Stocks.

Articles of association for the organ-
ization of August Dreier, Limited, as
a corporation have been approved by
Deputy Attorney General E. W. Sut-
ton. The corporation is organized with
a capital stock of \$300,000 divided into
3000 shares of \$100 each. Of these Au-
gust Dreier owns 2996, and F. A. Schae-
fer, Cecil Brown, J. W. Waldron and
Herman Focke one share each. In
payment for this stock there has been
transferred to the corporation \$186,400
worth of Inter-Island Steam Naviga-
tion stock; \$40,000 of Honokaa, \$3500 of
Waiailua Agricultural, \$600 of Metro-
politan Meat Market, \$30,770 of Hawai-
ian Electric, \$100 of Kauai Telephone,
\$17,300 of First National Bank Stock,
\$19,400 of First American Savings &
Trust Company, \$1400 of Honolulu
Brewing and Malting, \$1000 of C.
Brewer & Company and a number of
other stocks including \$300 of Oahu
Country Club stock.

The object of the corporation is to
buy and sell real estate, bonds and
other securities, to loan money and do
a general financial business. August
Dreier is president; F. A. Schaefer,
vice president; Cecil Brown, treasurer;
J. W. Waldron, secretary, and Herman
Focke, auditor.

Lulu—Have you had any proposals
this summer?
Evelyn—Seventeen.
Lulu—Good gracious! I haven't met
as many men as that.
Evelyn—No? They were all from
the same man.—London Opinion.

STOP WOMAN AND CONSIDER

First, that almost every operation
in our hospitals, performed upon
women, becomes necessary because
of neglect of such symptoms as
Backache, Irregularities, Displace-
ments, Pain in the Side, Dragging
Sensations, Dizziness and Sleepless-
ness.

Second, that Lydia E. Pinkham's
Vegetable Compound, made from
native roots and herbs, has cured
more cases of female ills than any
other one medicine known. It regu-
lates, strengthens and restores women's health and is invaluable in
preparing women for child-birth and during the period of Change
of Life.

Third, the great volume of unsolicited and grateful testimonials on
file at the Pinkham Laboratory at Lynn, Mass., many of which are from
time to time being published by special permission, give absolute evi-
dence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs.
Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as
Dragging Sensations, Weak Back, Falling and Displacements, In-
flammation and Ulceration, and Organic Diseases, and it dissolves
and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to
write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who
has been advising sick women free of charge for more than twenty
years, and before that she assisted her mother-in-law, Lydia E. Pink-
ham in advising. Thus she is especially well qualified to guide sick
women back to health. Write today, don't wait until too late.
